BACKGROUND & EXPERIENCE:

Over thirty years of involvement in the equine industry, including co-owner and ranch manager of Sunnybrook Ranch, Lone, California where I raise sport and pleasure horses.

Qualified as a professional Equine Appraiser since 1994; and qualified as a Senior Equine Appraiser since Jan. 2005. I am experienced and qualified as an expert witness for civil litigation cases in many different courts in California. I have thousands of hours of experience performing appraisals for civil litigation cases.

I have been Horse Show Manager for Sunnybrook Ranch Schooling Shows; Lone Events and local Schooling Horse Show Judge; a CSHA Horse Mastership program Judge; and am also a carded Extreme Cowboy Association Judge.

As co-owner and ranch manager of Sunnybrook Ranch, I have bred, raised, started and sold young horses of many different breeds. I have also purchased, marketed and shown many horses of various different breeds in several disciplines over the years. I have experience appraising most major breeds of horses and many of world class quality. I continually update my knowledge in Breed Standards, Conformation, Gait Analysis, Marketing, Judging and the Law. I receive many current breed and association periodicals to stay informed on current equine markets, and I utilize the internet to obtain current information on all breeds of horses throughout the country.
